Evaluation for: Cloud.

Evaluator: [REDACTED]

Date: 27. 11. 2018

Lesson # (of 2) 1

Topic: Technology to make travel more affordable.

Objective(s):

You will know? 3 apps you can use to book accommodation

(I actually missed the 2nd one.

Effectiveness of Instructional Activities:

I found the communication a little bit fast. You could perhaps have cut down on the number of questions to give yourself more time.

Effectiveness of Participatory Learning Activities:

I was a little bit confused about when I was meant to fill in my worksheet.

Areas of Strength:

Very enthusiastic and engaging - you're very likeable!

Nice materials!

Areas for Improvement:

I think you could improve on making sure what you're wanting to teach fits in to the time. I liked the subject of the lesson, but wonder if you could fit it in better.

Topic: ~~Using~~ Apps to Plan a
Vacation

Objective(s):

~~name~~ 3 apps that can be used
to both vacation

Effectiveness of Instructional Activities:

The fill in the blank was
effective and allowed
students to make connections
with lesson

Effectiveness of Participatory Learning
Activities:

Very effective, students were
able to vote and make connections
with what was taught.

Areas of Strength:

- instructional strategies | tools
- Engaging teacher

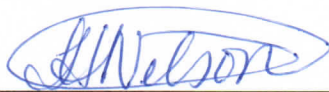

Areas for Improvement:

Pacing (you were going quickly)

General Comments:

- ✓ You used teaching aids very effectively
- ✓ You missed some of the instructions to students they were
not sure what to do with the lessons.
